OBJECT TO PAYING FOR IT

A Session Teeming With Business of a General Nature—Waiting For an Opinion From the Attorney General Before Going Ahead With the Bond Question.

Since the installation of the new board of education the sessions held have always teemed with business, and last night's meeting of the board was no exception to this rule, a decided influx of matters of a general nature coming up for consideration in the session of two hours that followed. President McGraw called the meeting to order with all members present. Mrs. Whitehead led in prayer, and the minutes of the preceding meeting dispensed with. The reports of the various standing committees were called for by the president and received. Mr. Nickle said that he had consulted with the president of the former board in regard to the bill from the Unionist for \$12.50, the cost of publication of a notice in that paper, and that the president had informed him that the secretary had never been authorized to have the notice published. Therefore, he would ask to be permitted to continue his investigation over until the next meeting, to endeavor, if possible, to straighten out this matter, which has been the subject of so much dispute. This was agreed to.

Clerk Norris said that the committee on the issuance of bonds had no report to make just then, the matter standing about the same as at the last meeting. Mr. Stevenson, who was appointed a committee to confer with Superintendent Andrews, of the East Liverpool and Wellsville railway, to see if it was possible to procure a reduced fare for pupils residing in the East End, who wished to attend school in the city proper, reported that he had called at the home of the superintendent, but was unable to find him in. Upon request he was continued. Then a number of bills came up to be acted upon. The clerk announced that the treasury contained \$11.23, more than enough to meet the exigencies of the evening. Two bills from the Ceramic Light company, one for \$29.90 for the light of the building and the other, \$11.18, the cost of the light in the tower. These bills brought forth a great deal of argument. It was maintained by some of the board that the bill for the lighting of the school from March 26th to April 24th, was unusually large, but the reason of this was that the workmen who were employed in repairing and altering the heaters used the lights, which are measured by a meter, at night, which was the cause of the size of the bill. This bill and the one for the light in the tower were ordered paid. But the board were a unit in declaring that hereafter the expense of a light in the tower will have to be borne by the city or else the illumination in the town clock will be a thing of the past.

The following additional bills were acted favorably upon: Surls & Stewart, for insurance, \$30; W. P. Nye, clock oil, \$2.38; Foreman, Basset, Hatch & Co., lithographs, diplomas, etc., \$9. A coal bill of \$22.01 from Charles Jutte & Co., it was deemed proper to lay over until the next meeting pending an investigation. Clerk Norris read a notice handed in by Marshal Johnson notifying the board to make the improvements on Pennsylvania avenue in front of the East End school in compliance with the action of council. This communication was received and the matter placed in the hands of Member Stevenson, with power to act.

The bond of City Treasurer Herbert for \$30,000, with the names of D. Boyce, J. M. Kelly, J. C. Thompson, F. D. Kitchel and W. T. Thomas attached to it as sureties, was submitted and accepted.

Then the question of providing all schools with flags were next taken up and was discussed at much length. Superintendent Sanor made known to the board the fact that the Garden-dale school was without the national emblem, and upon motion it was decided that the school committee attend to this matter, and see that the mandate of the law was observed.

It was suggested that flag poles be erected in the yards of the schools, as incalculable damage was sustained by the heavy strain on the roofs of buildings that had poles erected upon them, and instances

were cited of damage that had been done to schools in the city because of this reason. It is not thought that the board will be forced to go to the expense of purchasing flags, as the various patriotic orders of the city have expressed their willingness to furnish and equip all schools with the national emblem without cost to the board, as the law making it compulsory to fly the flags is in operation now; this matter will be speedily attended to, not only in order to prevent legal complications, but in obedience to patriotic impulses.

Mr. Nickle, who is firmly opposed to the board paying for the lights in the tower, in the meantime prepared and submitted the following resolution in substantiation of his objections:

WHEREAS, So far as the schools are concerned, the expense of the electric light in the tower is a useless one, therefore, be it

Resolved, That this board of education notify the Ceramic Light company that we will not continue the use of the light in the tower, nor will we enter into any contract for the use of the same.

Mr. Stevenson arose and protested against the adoption of the resolution. He thought that it was necessary to have the light in the tower; in justice to the constituents it should remain. All the members then took a hand in the discussion, and after an extended debate it was decided to confer with the finance committee of council to-night, and endeavor to have the question of paying for the light in tower put upon council's shoulders.

The advisability of having fire alarm boxes placed near school buildings was mentioned, but no action was taken in regard to this matter.

Then an exhaustive discussion on the contemplated bond issue took place. It is apparent that the former chaotic state enveloping this perplexing question of the raising of funds is becoming less dense and an opinion which is expected from the attorney general of the state in a few days, who has been apprised of the difficulties here, it is thought, will make lucid the direct course to pursue to meet incoming exigencies.

The superintendent then extended an invitation to the board and their families to attend the baccalaureate sermon to be preached at the First Pres church next Sabbath night, by Doctor Lee. The invitation was accepted. It was decided to allow the school children to meet in the school room, to prepare for marching on Decoration day.

After the committee appointed to complete an estimate of the cost of erection and expense connected with the Fourth street school building had submitted their report, the meeting adjourned.

## POLICE COURT.

Two Arrests Were Made by the Officer Yesterday.

"Kill" Brannen was arrested last evening by Marshal Johnson on Second street. Brannen was drunk, and insulted Robert Moore, the coal man, during an argument in front of a Second street restaurant. The police were notified by telephone with the result that Brannen got a ride in the patrol wagon. Moore followed him to city hall and put in a charge of drunk and disorderly and provoking a breach of the peace against him. At the hearing this morning he was fined \$9.85.

Michael Cassidy was found asleep in Dew Drop alley yesterday afternoon by Officer Meador and conveyed to the cooler in the patrol wagon. Cassidy was released from jail on Saturday night. He was fined \$6.85.

## THE COMMITTEE MEET.

The Success of the New Library is Now Assured.

The library committee met last night in the executive rooms with a large attendance present. The sub-committees made their several reports and progress was noted on every hand. Local union No. 4 was the only body visited so far by the committee appointed for that purpose, and they are a unit for the furthering of the project. Several ministers were seen on the subject, and they will confer with the library committee on Friday night in Trades council hall. The list of contributors exceed the number at first required, and the library is now an assured fact.

## Fell on the Wires.

A large tree fell on the telephone lines at Dry Run last night and broke every wire between here and Pittsburg. The wires were repaired temporarily this morning and the line is now open.

## ADOPTED A NEW RULE

The New Claims Committee to Hold Closed Sessions.

PUBLIC SHOULDN'T KNOW ALL

A Long List of Bills Passed on and the Board of Health Bill is Referred Back. A Claim For Damages Presented—No Light Bill Handed In.

Claims committee met last night and held a star chamber session, as they said it was to their advantage to have no newspaper men or spectators present when they passed on the bills.

After the meeting was over Clerk Hanley said the following list of bills would be reported for payment at council meeting tonight: The Crisis, \$13.76; Crosser-Ogilvie Co., \$3; C. Metsch \$32.40; News Review, \$72.98; E. L. Barth & Son, 65 cents; John Rinehart, \$4; Alfred Johnson, \$55; Frank Earl, \$49; Harry Meador, \$49; William Jennings, \$49; Elmer McMillen, \$49; John Whan, \$49; L. J. Miller, \$22; M. Brozka, \$8; Alfred Johnson, \$34; Union Planing Mill company, \$23.33; Knowles, Taylor & Anderson, \$76.01; S. F. Hayward & Co., \$12.25; James Hauck, \$7.25; M. B. Adams, \$165; J. W. Finley, \$50; Thomas Bryan, \$50; Alex. Bryan, \$37.50; R. Nagle, \$37.50; Charles Stevens, \$36; Patrick Wood, \$22.50; John Hague, \$19.87; William Hague, \$11.25; Patrick McCurran, \$6; Charles Amos, \$6; Charles Powell, 75 cents; Frank Stevenson, \$18.75; J. H. Caton, \$16; John Rinehart, \$8; Frank Myers, \$16; John Ryan, \$12.09; Harrison Rinehart, \$159.50; Waggle and Grosshans, \$7.20; Eagle Hardware company, \$2; H. C. Walters, \$15.50; Crook & McGraw, \$1.92; Alfred Johnson, \$18.88; Clint Morrey, \$50; James McCullough, \$50; Joshua Curfman, \$50; Isaac Shemp, \$18; Thomas W. Carroll, \$6.75; M. E. Garvey, \$10.50; James Hanlon, \$7.50; J. A. George, \$114.70.

The board of health bill was handed in, but was laid over until it could be found out what Sanitary Policeman King did with the dead animals he buried, and why he had a bill in for burying them in addition to his regular salary of \$50 a month. His bill for burying dead animals last month amounted to a little over \$4.

A claim of Mrs. Trainer for damages to her property on St. John street, caused by the water flooding her cellar during the recent storm of Saturday two weeks ago. The lady's bill was for the actual expense of pumping the water out of the cellar and repairing the same. The bill amounted to \$27.50, and was referred to council.

There was no light bill in, and consequently the new committee did not have to pass on it. The meeting was a long one, as the bills were very numerous.

## RACING ON FIFTH STREET.

The Residents Object to the Carrying on of the Nuisance.

Residents of West Fifth street are complaining about the amount of racing that is being done on that thoroughfare. On Sabbath afternoon they say it seemed as though the street had been changed into a race track, as the racing was kept up continuously all afternoon. Between 12 and 1 o'clock yesterday afternoon two well known horsemen were indulging in speeding their horses, and had a good sized audience watching them, the only thing needed being a starter and timer to make the race complete. One resident in speaking to a reporter yesterday, said: "The people on the street should employ someone to watch these fellows, and report them on each and every occasion. I am perfectly willing to pay my share, as I have small children and am compelled to watch them at all times, for fear they will get knocked down and killed."

## THE POLICE COMMITTEE

Held a Short Session at City Hall Last Night.

Councilmen Horwell and Marshall, two of the members of the police committee, met at city hall last night, the other member of the committee, Mr. Kent, being absent, as he was attending a meeting of claims committee in Clerk Hanley's office. The members were closeted with Marshal Johnson for a long time and when they adjourned were asked what they had done, and said they had done nothing, as the meeting was for the purpose of looking over the old rules and regulations governing the police force, and to get things in good running order. It is probable that some

changes in the police laws of the city will be recommended, as a member intimated to a representative of the News Review that such were their intentions.

## HIRED TO BLUFF.

At Least That Is What James Johnson Thought of John Rinehart.

According to a statement of John Rinehart, "a man who has been on the police force in Pittsburg for 30 years past" arrived in the city on the morning train yesterday, and as he had considerable baggage, which would be in on the afternoon train, he hired Rinehart to haul it for him. But before Rinehart arrived with his wagon James Johnson, the expressman, had secured the checks and loaded the trunks into his wagon. When Rinehart's man appeared and said they had the job of hauling the trunks Johnson turned them over to him, but demanded a quarter for his trouble, and as he did not get it, he kept a small valise, and later took it to the mayor's office. Last night Johnson and Rinehart met at the mayor's office and Rinehart told him that they wanted the satchel, and Johnson informed him that the "statutes of Ohio said he should bring that telescope to the mayor's office, and he brought it there." Johnson told Rinehart that "he worked and sweated to get those trunks on his wagon, and he had come to the conclusion that he was a blamed fool for not keeping them." Rinehart spoke up and said: "Well the man hired me to haul the trunks." "Yes" said Johnson, "I suppose he hired you to help try and bluff me, too," and then the two men went out, Rinehart trying to explain something about "Tom," and Johnson declaring that he hadn't seen "Tom" for three weeks.

## THE SOLDIERS.

They Met Last Night and Drilled on Second Street.

Company E met at the armory for drill last night, with a fair attendance. The company was formed on Third street and marched to Second where the boys were given plenty of exercise in double time. There were a number of members absent, who will be fined if a satisfactory excuse is not given. A corporal was seen on Second street, but made his escape when approached by the captain. His absence will no doubt result in a reduction to the ranks. Two of the boys expect positions on the paid fire department, and if appointed, will be given honorable discharges, making a vacancy in the non-commissioned staff. A number of recruits were enlisted.

The usual hoots and jeers by unprincipled, unpatriotic and decidedly un-American fellows were conspicuous by their absence, with one exception, and lack of brains and bordering upon imbecility prompted him to wax idiotic. He is a tall, lank booby, a ladies' man in his strictly own estimation, parts his mud-colored locks in the middle, and accented a sergeant while on his way home with insulting remarks. Hot words ensued, but the sergeant, weighing the fellow in the balance, found he was wanting in everything that was manly, and decided that forbearance was a virtue.

## A CHANGE.

A New Schedule May go into Effect Next Sunday.

It is stated on good authority that there will be a change in the Cleveland and Pittsburg schedule, to take effect on Sunday, May 17. The early morning train that arrives here at 5:10 will be scheduled to arrive at 7 o'clock. The evening train from Pittsburg which enters the city at 6 o'clock will be changed to 6:30. While Agent Hill has not as yet received official notification of the change, he expects to receive word the latter part of the week. The evening train will be a boon to local baseball enthusiasts, who are compelled to wait until the midnight train in order to get home after witnessing the Pittsburg games.

## STRUCK BY LIGHTNING.

An Employee of the Street Railway Company Received a Shock.

Clark Andrews received a severe shock last evening from lightning. He was working at the Sixth street switch, on the new signal lights, when the wire somewhere along the line was struck by lightning. The end of the piers with which he was working were cut off and the blade of a penknife he had in his hand is melted in two places, while the end of it shows signs of where the electricity left the knife. Andrews was severely burned about the eyes, and spent a night of extreme pain. Although able to be out today he is still not able to work.

## NEWS OF THE COURTS

The Trotter-Wellsville Case Settled Out of Court.

CLOSED A MORTGAGE FOR \$2,100

The Ferryboat Rental Case Appealed to Common Pleas This Morning—Mrs. Spence Granted \$333 Damages For Injuries Received.

Lisbon, May 12.—Judge Robinson opened his week's work in court yesterday afternoon, but adjourned in a short time, as the case of Louis H. Trotter against the city of Wellsville was reported settled. The city agreed to pay all the costs in the case, and allow Trotter his price for the land in dispute.

The cases remaining on today's assignment, those of George H. Muddock, of Wellsville, versus Howard I. Weaver and James B. Jones and others were settled. The cases were each to recover an account, the former for \$89 and the latter for \$220, due for material used in the construction of dwelling houses on lots 31 and 75 in Wellsville.

Julia Spence's damage case against Lisbon for injuries received a year ago in front of the Buckeye office, in which Judge Smith granted a new trial, was settled today by the town paying the plaintiff \$235, as well as the costs in the case.

Judge Young this morning issued a commission to Walter B. Hill to explain to Mrs. Emily Mears her rights under the will of the late James Mears, of East Liverpool.

Wilson S. Potts commenced an action in court this morning to recover \$300 on a chattel mortgage held against the furniture in the Commercial House of Leetonia. One year ago John J. and Mary J. Thompson, the proprietors of the hotel, borrowed this amount from the plaintiff, giving him a note for the amount, and securing its payment by the mortgage.

The defendants in the case of A. B. Taylor and Phillip Morley against Elwood Pusey and Carrie Humrick house was appealed to the court, of common pleas this morning from the judgment of Squire Rose, of East Liverpool. The action was brought on April 4 to recover \$100 due for rent and use of ferryboat landing on the West Virginia side of the river. At the hearing on April 16 a judgment was rendered for \$103, and costs amounting to \$6.35.

Deputy Sheriff Bick last evening foreclosed a mortgage on Robert McGonigle, the owner of a hardware and drug store in Salem on a judgment recently given against Robert and Martha McGonigle by the bank of Minerva company amounting to \$2,100. A levy was also made on two lots in that village.

## "AUNT HANNAH."

This Charming Old Lady Will Visit East Liverpool.

"KALAMAZOO, MICH., May 12, '96. Dear Ladies of the auxiliary to the Young Men's Christian association—I was so sorry to disappoint you on the 5th of the present month, when I had promised to be with you. I know that you will pardon me, however, when I tell you, and through you the grandly generous citizens of your pottery city, that we were doing such a splendid work for sweet charity here in Kalamazoo, that it was next to impossible to break away. Our quilting party attracted great crowds, and we were forced to repeat the performance on several occasions, netting a nice sum for the Young Men's Christian association. I will not disappoint you again, dear ladies, but will be with you at the Grand Opera House on Tuesday, May 19, when I hope to be greeted by a sea of eager faces, and delight them with the charm of the representation of the glorious quilting parties of the days of Old Lang Syne. Yours in Love, AUNT HANNAH."

## INSTANTLY KILLED.

A Farmer Struck by Lightning Near West Beaver.

Special to the News Review. LISBON, May 12.—Alexander Todd, an aged and wealthy farmer residing near West Beaver, was struck by lightning during the storm last night. He was returning to the house from the barn and was directly under a large locust tree when a bolt of lightning struck the tree, shivering it to splinters, and instantly killing the farmer. Mr. Todd is well known in farm circles throughout the county.

The board of health bill was handed in, but was laid over until it could be found out what Sanitary Policeman King did with the dead animals he buried, and why he had a bill in for burying them in addition to his regular salary of \$50 a month. His bill for burying dead animals last month amounted to a little over \$4.

A claim of Mrs. Trainer for damages to her property on St. John street, caused by the water flooding her cellar during the recent storm of Saturday two weeks ago. The lady's bill was for the actual expense of pumping the water out of the cellar and repairing the same. The bill amounted to \$27.50, and was referred to council.

There was no light bill in, and consequently the new committee did not have to pass on it. The meeting was a long one, as the bills were very numerous.

### RACING ON FIFTH STREET.

The Residents Object to the Carrying on of the Nuisance.

Residents of West Fifth street are complaining about the amount of racing that is being done on that thoroughfare. On Sabbath afternoon they say it seemed as though the street had been changed into a race track, as the racing was kept up continuously all afternoon. Between 12 and 1 o'clock yesterday afternoon two well known horsemen were indulging in speeding their horses, and had a good sized audience watching them, the only thing needed being a starter and timer to make the race complete. One resident in speaking to a reporter yesterday, said: "The people on the street should employ someone to watch these fellows, and report them on each and every occasion. I am perfectly willing to pay my share, as I have small children and am compelled to watch them at all times, for fear they will get knocked down and killed."

### THE POLICE COMMITTEE

Held a Short Session at City Hall Last Night.

Councilmen Horwell and Marshall, two of the members of the police committee, met at city hall last night, the other member of the committee, Mr. Kent, being absent, as he was attending a meeting of claims committee in Clerk Hanley's office. The members were closeted with Marshal Johnson for a long time and when they adjourned were asked what they had done, and said they had done nothing, as the meeting was for the purpose of looking over the old rules and regulations governing the police force, and to get things in good running order. It is probable that some

changes in the police laws of the city will be recommended, as a member intimated to a representative of the News Review that such were their intentions.

### HIRED TO BLUFF.

At Least That Is What James Johnson Thought of John Rinehart.

According to a statement of John Rinehart, "a man who has been on the police force in Pittsburgh for 30 years past" arrived in the city on the morning train yesterday, and as he had considerable baggage, which would be in on the afternoon train, he hired Rinehart to haul it for him. But before Rinehart arrived with his wagon James Johnson, the expressman, had secured the checks and loaded the trunks into his wagon. When Rinehart's man appeared and said they had the job of hauling the trunks Johnson turned them over to him, but demanded a quarter for his trouble, and as he did not get it, he kept a small valise, and later took it to the mayor's office. Last night Johnson and Rinehart met at the mayor's office and Rinehart told him that they wanted the satchel, and Johnson informed him that the "statutes of Ohio said he should bring that telescope to the mayor's office, and he brought it there." Johnson told Rinehart that "he worked and sweated to get those trunks on his wagon, and he had come to the conclusion that he was a blamed fool for not keeping them." Rinehart spoke up and said: "Well the man hired me to haul the trunks." "Yes" said Johnson, "I suppose he hired you to help try and bluff me, too," and then the two men went out, Rinehart trying to explain something about "Tom," and Johnson declaring that he hadn't seen "Tom" for three weeks.

### THE SOLDIERS.

They Met Last Night and Drilled on Second Street.

Company E met at the armory for drill last night, with a fair attendance. The company was formed on Third street and marched to Second where the boys were given plenty of exercise in double time. There were a number of members absent, who will be fined if a satisfactory excuse is not given. A corporal was seen on Second street, but made his escape when approached by the captain. His absence will no doubt result in a reduction to the ranks. Two of the boys expect positions on the paid fire department, and if appointed, will be given honorable discharges, making a vacancy in the non-commissioned staff. A number of recruits were enlisted.

The usual boots and jeers by unprincipled, unpatriotic and decidedly un-American fellows were conspicuous by their absence, with one exception, upon imbecility prompted him to wax idiotic. He is a tall, lank booby, a ladies' man in his strictly own estimation, parts his mud-colored locks in the middle, and accosted a sergeant while on his way home with insulting remarks. Hot words ensued, but the sergeant, weighing the fellow in the balance, found he was wanting in everything that was manly, and decided that forbearance was a virtue.

### A CHANGE.

A New Schedule May go into Effect Next Sunday.

It is stated on good authority that there will be a change in the Cleveland and Pittsburgh schedule, to take effect on Sunday, May 17. The early morning train that arrives here at 5:10 will be scheduled to arrive at 7 o'clock. The evening train from Pittsburgh which enters the city at 6 o'clock will be changed to 6:30. While Agent Hill has not as yet received official notification of the change, he expects to receive word the latter part of the week. The evening train will be a boon to local baseball enthusiasts, who are compelled to wait until the midnight train in order to get home after witnessing the Pittsburgh games.

### STRUCK BY LIGHTNING.

An Employee of the Street Railway Company Receives a Shock.

Clark Andrews received a severe shock last evening from lightning. He was working at the Sixth street switch, on the new signal lights, when the wire somewhere along the line was struck by lightning. The end of the piers with which he was working were cut off and the blade of a penknife he had in his hand is melted in two places, while the end of it shows signs of where the electricity left the knife. Andrews was severely burned about the eyes, and spent a night of extreme pain. Although able to be out today he is still not able to work.

### NEWS OF THE COURTS

The Trotter-Wellsville Case Settled Out of Court.

CLOSED A MORTGAGE FOR \$2,100

The Ferryboat Rental Case Appealed to Common Pleas This Morning—Mrs. Spence Granted \$235 Damages For Injuries Received.

Lisbon, May 12.—Judge Robinson opened his week's work in court yesterday afternoon, but adjourned in a short time, as the case of Louis H. Trotter against the city of Wellsville was reported settled. The city agreed to pay all the costs in the case, and allow Trotter his price for the land in dispute.

The cases remaining on today's assignment, those of George H. Murdoch, of Wellsville, versus Howard I. Weaver and James B. Jones and others were settled. The cases were each to recover an account, the former for \$89 and the latter for \$220, due for material used in the construction of dwelling houses on lots 31 and 75 in Wellsville.

Julia Spence's damage case against Lisbon for injuries received a year ago in front of the Buckeye office, in which Judge Smith granted a new trial, was settled today by the town paying the plaintiff \$235, as well as the costs in the case.

Judge Young this morning issued a commission to Walter B. Hill to explain to Mrs. Emily Mears her rights under the will of the late James Mears, of East Liverpool.

Wilson S. Potts commenced an action in court this morning to recover \$300 on a chattel mortgage held against the furniture in the Commercial House of Leetonia. One year ago John J. and Mary J. Thompson, the proprietors of the hotel, borrowed this amount from the plaintiff, giving him a note for the amount, and securing its payment by the mortgage.

The defendants in the case of A. B. Taylor and Phillip Morley against Elwood Pusey and Carrie Humrick house was appealed to the court of common pleas this morning from the judgment of Squire Rose, of East Liverpool. The action was brought on April 4 to recover \$100 due for rent and use of ferryboat landing on the West Virginia side of the river. At the hearing on April 16 a judgment was rendered for \$103, and costs amounting to \$6.35.

Deputy Sheriff Bick last evening foreclosed a mortgage on Robert McGonigle, the owner of a hardware and drug store in Salem on a judgment recently given against Robert and Martha McGonigle by the bank of Minerva company amounting to \$2,100. A levy was also made on two lots in that village.

### "AUNT HANNAH."

This Charming Old Lady Will Visit East Liverpool.

"KALAMAZOO, MICH., May 12, '96. Dear Ladies of the auxiliary to the Young Men's Christian association—I was so sorry to disappoint you on the 5th of the present month, when I had promised to be with you. I know that you will pardon me, however, when I tell you, and through you the grandly generous citizens of your pottery city, that we were doing such a splendid work for sweet charity here in Kalamazoo, that it was next to impossible to break away. Our quilting party attracted great crowds, and we were forced to repeat the performance on several occasions, netting a nice sum for the Young Men's Christian association. I will not disappoint you again, dear ladies, but will be with you at the Grand Opera House on Tuesday, May 19, when I hope to be greeted by a sea of eager faces, and delight them with the charm of the representation of the glorious quilting parties of the days of Old Lang Syne. Yours in Love, AUNT HANNAH."

### INSTANTLY KILLED.

A Farmer Struck by Lightning Near West Beaver.

Lisbon, May 12.—Alexander Todd, an aged and wealthy farmer residing near West Beaver, was struck by lightning during the storm last night. He was returning to the house from the barn and was directly under a large locust tree when a bolt of lightning struck the tree, shivering it to splinters, and instantly killing the farmer. Mr. Todd is well known in farm circles throughout the county.

### Flourishing.

Local union No. 4 is in a flourishing condition, and initiated a number of applicants into their ranks last night.

## MADE SCOTT JACKSON SQUIRM.

Colonel Nelson Picks to Pieces the Prisoner's Testimony.

NEWPORT, Ky., May 12.—Colonel R. W. Nelson has concluded his argument in the Scott Jackson trial, having spoken 4 hours and 20 minutes. Throughout Colonel Nelson made the testimony of Scott Jackson in his own defense the point of departure, pivot and nucleus of his argument. He never strayed far from this starting point. Item by item he held up the testimony of Scott Jackson before the jury and arrayed in contradiction the evidence of a multitude of unbiased reputable witnesses. More than once with consummate art he made reference to the John Seward conspiracy to suborn witnesses, and which was consummated only in part by the introduction of William R. Trusty, whom Colonel Crawford disclaimed immediately after the testimony.

Scott Jackson, the prisoner, never before came so near to losing his self-composure. He was unable to look the fiery attorney in the face. For the most part his eyes were averted. In that dramatic scene, when Colonel Nelson shook in his face that bloody satchel, and when he read to him the intercepted letter to Will Wood, he very nearly broke down.

## FRYE DEFENDED HUNTINGTON.

Hot Debate Over a California Project in the Senate.

WASHINGTON, May 12.—The California deep water harbor project was before the senate most of the day. It is seldom that a local improvement arouses so much feeling among senators, manifesting itself in a debate of unusual animation and of considerable personal feeling. Mr. Berry (Ark.) began the debate, declaring that this proposed expenditure of \$3,000,000 was against the public interest and in the private interest of C. P. Huntington of the Southern Pacific.

## Unimportant House Session.

WASHINGTON, May 12.—The session of the house was almost entirely devoted to the consideration of district official business. Bills of minor importance were passed.

## Two Americans Murdered.

HERMOSILLO, Mexico, May 12.—John Leber and Forest Moss, the two young Americans who left Nogales, A. T., two months ago to walk to Guatemala, have been killed by Yaqui Indians.

## Railroad Collision in Algiers.

ALGIERS, May 12.—A train loaded with troops destined for the island of Madagascar has collided between Adelia and Vesoulbe-Inan with another train. Five officers were killed.

## Old Officeholder Dead.

NEW YORK, May 12.—Richard A. Storrs, deputy controller of New York city, has died, aged 66 years. He has been in the city's service continuously since 1857.

## Forty Men Probably Lost.

ST. JOHNS, N. F., May 12.—Two sealing vessels are supposed to have been lost in the straits of Belle Isle. The crews of the vessels aggregate 40 men.

## The Elections in Paris.

PARIS, May 12.—The final returns of the municipal elections are as follows: Republicans, 234; Radicals and Socialists, 85; Conservatives, 20.

# DEBS' ORDER SHUT OUT.

Six Railway Organizations Form an Important Federation.

St. Louis, May 12.—Important meetings of railway employees have been held at the headquarters of the Order of Railway Conductors on Market, near Seventeenth street. It represented officially six national orders and brotherhoods. In fact they may be called international, as the membership of each includes men employed on lines of Canada and Mexico. F. P. Sargent, grand master of the Brotherhood of Locomotive Firemen, accompanied by Frank W. Arnold, grand secretary and treasurer of the order, came from Peoria, Ill., to attend the meeting.

Patrick H. Morrissey of Galesburg, grand master of the Brotherhood of Railway Trainmen, was here, as was also E. E. Clark, grand chief conductor of the Order of Railway Conductors. Grand Master Arthur of the Brotherhood of Locomotive Engineers, was unable to come, but was represented officially, as were the chief officers of the Switchmen's Union of North America and the Order of Railway Telegraphers and members of the grand lodge of each of the six orders attended the convention. There were some 600 present. The chief result of the convention was the adoption of a resolution to form a federation of the six orders named. It was decided not to admit Debs and the American Railway union.

## A. P. A. SUPREME COUNCIL.

The Blacklisting of McKinley to Be Reconsidered at Washington.

WASHINGTON, May 12.—The supreme council of the American Protective association convened here today. There will be a warm debate over the recent action of the executive committee in placing McKinley on the presidential blacklist. The executive committee will be required by the friends of McKinley in the order, chief among whom are the Ohio and Kentucky delegates, to present the proof on which the charges against McKinley were based.

There is a well defined rumor that western free silver delegates, who declare their intention to secure a free silver plank for the A. P. A. platform, will also endeavor to force the A. P. A. into a political alliance with the Populist party.

## QUAY SENT TELEGRAMS.

Nearly All the Pennsylvania Delegates Declared For Him.

WASHINGTON, May 12.—Senator Quay says he has sent messages to all Pennsylvania delegates to St. Louis, except Magee and Finn of Pittsburgh and Martin and Hackett of Philadelphia, asking them whether they would support him.

Every one of the delegates replied, except about ten, who were temporarily absent from their homes on business or fishing trips. Senator Quay says all the answers were in the affirmative and fully corroborated his claim that he would be supported by 60 or the 64 delegates from the Keystone state.

## PLEDGED TO MCKINLEY.

The Louisiana Republican Convention Held at Baton Rouge.

BATON ROUGE, La., May 12.—The Republican state convention has met here with General W. J. Behan presiding. The following were elected delegates to St. Louis: A. A. Maginnis, New Orleans; E. N. Conroy, St. Mary's; Anthony Doherty, Baton Rouge; R. H. Hackney, New Orleans.

Resolutions were adopted pledging the delegates to McKinley as long as his name is before the convention.

## Delaware Republican Convention.

DOVER, Del., May 12.—The Republican state convention for the selection of delegates to the national convention at St. Louis met here today. It is controlled by the friends of J. Edward Addicks, who have at least 101 of the 160 delegates composing the convention. The delegation will not be instructed.

EAST LIVERPOOL, O., TUESDAY, MAY 12.

For President,  
**WILLIAM MCKINLEY,**  
Ohio.

OLD GLORY.  
Fling her out from our school build-  
ings, in conformity with the law. The  
lessons of patriotism cannot be too  
strongly impressed upon the youth of  
the land. Let the children learn to  
love the dear old flag and all which it  
represents.

**STAR CHAMBER.**  
One member of council has evidently  
a desire to work in secret, and would  
bar public and press from council-  
manic chamber had he but the power,  
as he desired to know, at the hands of  
a prominent attorney, if the sessions  
of the Solons could not be held with  
closed doors. He was astonished when  
informed that legislative bodies,  
elected to positions of honor and trust  
by the people, for the supposed good  
of the people, could not enforce the  
star chamber idea.

**HAVE FOUND IT OUT.**  
Business men and manufacturers  
have discovered that the job work  
turned out by the NEWS REVIEW OF-  
fice fills the bill in every particular,  
and cannot be equalled by any other  
office in all this section. On fine book  
work, price lists, etc., competitors are  
left far behind, as first-class workmen,  
best of materials, increased capacity  
and reasonable prices win the hearts  
and agree with the bank accounts of  
patrons. Work absolutely guaranteed;  
finished and delivered when promised.  
Many business men in East Liverpool  
will tell you that it pays to have your  
work done at the NEWS REVIEW.

**POLICE OFFICERS.**  
Speak a good word for them instead  
of words of condemnation. If they  
are good and efficient officers, they de-  
serve all the aid and encouragement  
you can give them. If they are not  
trustworthy and reliable, then they  
should not be on the force. We be-  
lieve that our present officers will do  
their duty, and that they will have  
the backing of council, mayor and  
marshal, in the enforcement of laws  
and ordinances. And in the performance  
of this duty, no matter how  
considerate, kind and courteous they  
may be, they will make many enemies  
among the rough and law-breaking  
class; therefore, in doing their sworn  
duty, they should be upheld and as-  
sisted by all true citizens, men and  
women, who have the best interests of  
East Liverpool at heart.

**CLAIMS COMMITTEE.**  
The claims committee of council has  
excluded reporters from the press from  
their sessions, on the claim that mat-  
ters have been published that were  
not intended for the public at large.  
Well, it is but a question of right and  
legality. If the claims committee  
have right back of them, then let the  
reporters languish and pine, and wear  
out their hearts in their keen desire  
for news. If the claims committee  
are wrong, the people, the voters, will  
demand that they shall not continue  
in the wrong. We have a council  
composed of men of average good sense  
and judgment, and we now believe  
that they intend to do right by both  
press and public. All things being  
anywhere near equal, all good citizens  
should stand by our officials, especially  
in the enforcement of law.

**SPEAKS HIS MIND.**  
Rev. J. C. Taggart, pastor of the  
First U. P. church of East Liverpool,  
is evidently determined that blood  
guiltiness shall not be marked up  
against him in the great day of judg-  
ment—in the final day of reckoning.  
He speaks his mind freely from the  
pulpit, and backs up his speech with  
true courage when he is engaged in  
the outside world. The NEWS RE-  
VIEW has been subjected to uncalled  
for, cowardly and malicious attacks,  
on the part of hybrid newspapers, at  
the hands of the men who own and  
operate the creatures who edit them,  
simply because the manager of this  
paper dared to stand by the right and

advocate the reading of God's word in  
the public schools. Listen to Reverend  
Taggart's words: "This was illus-  
trated by the concerted action of the  
lovers of the Bible, in removing the  
stigma placed on God's word in for-  
bidding it to be read in our schools."  
The men of this city who are so bitter  
against the NEWS REVIEW for voicing  
just the sentiment this manly minis-  
ter has publicly proclaimed from the  
sacred desk, will do well to have a  
care as to their future course of ac-  
tion, as they are condemning many  
men and women in East Liverpool,  
in fact every man and woman who  
voted in favor of the reading of the  
Bible in the public schools, and these  
maliciously disposed persons may be  
hoisted into an abyss from which  
they may not even hope to escape, as  
God ofttime sees fit to use human in-  
strumentalities in the carrying out of  
His work. The NEWS REVIEW did  
nothing but what was right in assist-  
ing to defeat the bold, reckless and  
over-confident "No Bible" candidates,  
and would gladly repeat its course  
under similar circumstances. If the  
various ministers of the gospel would  
do their full duty in the premises,  
backed by the power and influence of  
the members of their various congrega-  
tions, the city of East Liverpool would  
never again be disgraced by such con-  
duct as was lately shown at the pri-  
maries of this city. All honor to  
Rev. J. C. Taggart. Turn on the light.

## MADE SCOTT JACKSON SQUIRM.

Colonel Nelson Picks to Pieces the Pri-  
soner's Testimony.  
NEWPORT, Ky., May 12.—Colonel R.  
W. Nelson has concluded his argument  
in the Scott Jackson trial, having  
spoken 4 hours and 20 minutes. Throughout  
Colonel Nelson made the  
testimony of Scott Jackson in his own  
defense the point of departure, pivot  
and nucleus of his argument. He never  
strayed far from this starting point.  
Item by item he held up the testimony  
of Scott Jackson before the jury and  
arrayed in contradiction the evidence of  
a multitude of unbiased reputable wit-  
nesses. More than once with consum-  
mate art he made reference to the John  
Seward conspiracy to suborn witnesses,  
and which was consummated only in  
part by the introduction of William R.  
Trusty, whom Colonel Crawford dis-  
claimed immediately after the testi-  
mony.

Scott Jackson, the prisoner, never be-  
fore came so near to losing his self-com-  
posure. He was unable to look the  
fiery attorney in the face. For the most  
part his eyes were averted. In that  
dramatic scene, when Colonel Nelson  
shook in his face that bloody satchel,  
and when he read to him the inter-  
cepted letter to Will Wood, he very  
nearly broke down.

Judge Helm announced that the case  
would not be submitted to the jury till  
Thursday. He then postponed the trial  
of Alonzo Walling for the murder of  
Pearl Bryan till May 26.

## FRYE DEFENDED HUNTINGTON.

Hot Debate Over a California Project in  
the Senate.  
WASHINGTON, May 12.—The Califor-  
nia deep water harbor project was be-  
fore the senate most of the day. It is  
seldom that a local improvement arouses  
so much feeling among senators, mani-  
festing itself in a debate of unusual  
animation and of considerable personal  
feeling. Mr. Berry (Ark.) began the  
debate, declaring that this proposed ex-  
penditure of \$3,000,000 was against the  
public interest and in the private in-  
terest of C. P. Huntington of the  
Southern Pacific.

Senators Vest and Caffery took the  
ground that no appropriation should be  
made at present. Mr. Frye, chairman  
of the commerce committee, replied to  
the strictures upon the proposition and  
vehemently characterized the criticisms  
of Mr. Huntington as "savoring of the  
slogan of the sand lots."

## Unimportant House Session.

WASHINGTON, May 12.—The session  
of the house was almost entirely de-  
voted to the consideration of district official  
business. Bills of minor importance  
were passed.

## Two Americans Murdered.

HERMOSILLO, Mexico, May 12.—John  
Leber and Forest Moss, the two young  
Americans who left Nogales, A. T., two  
months ago to walk to Guatemala, have  
been killed by Yaqui Indians.

## Railroad Collision in Algiers.

ALGIER, May 12.—A train loaded  
with troops destined for the island of  
Madagascar has collided between Adelia  
and Vesoulbe-Iman with another train.  
Five officers were killed.

## Old Omecholder Dead.

NEW YORK, May 12.—Richard A.  
Storrs, deputy comptroller of New  
York city, has died, aged 66 years. He  
has been in the city's service continu-  
ously since 1857.

## Forty Men Probably Lost.

ST. JOHNS, N. F., May 12.—Two seal-  
ing vessels are supposed to have been  
lost in the straits of Belle Isle. The  
crews of the vessels aggregate 40 men.

## The Elections in Paris.

## THE EXECUTIONS ARE POSTPONED.

A Clause in the Treaty of 1795 and the  
Cushing Protocol of 1877 Applying to the  
Cases—A Strong Fight Is Going to Be  
Made by This Country.

WASHINGTON, May 12.—In the Com-  
petitor case it can be authoritatively  
stated that at the request of the United  
States the Spanish government will  
postpone execution of the death sen-  
tences upon American citizens until  
the views of the United States respect-  
ing the application to their cases of the  
treaty of 1795 and the protocol of 1877  
can be presented and considered.

The announcement of the postpone-  
ment of the execution means a delay of  
some weeks at least, and that the mat-  
ter will be taken up by the diplomatic  
representatives of the United States of  
Spain, and be made the subject of the  
exchange of correspondence on the in-  
terpretation to be given the treaty pro-  
visions between the two nations. Mean-  
while the effect will be to allay popular  
excitement both here and in Spain.

The action of the state department in  
insisting upon a retrial at least of the  
American prisoners is evidently in an-  
swer to the contention of the court-mar-  
tial that the Cushing protocol of  
1877 did not apply to the present case.  
The court held that it applied only to  
American citizens resident in Spain or  
the Spanish dominions, and, as the cap-  
tives from the Competitor were not in  
any sense residents of Cuba, decided  
that they could not claim any of the  
privileges accorded by the protocol.

In the opinion of the state depart-  
ment this was an extremely narrow  
and illiberal construction to place upon  
the protocol, but while not accepting  
this construction the department  
guarded against an adverse decision on  
the protocol by recurring to the an-  
cient treaty of 1795, on the ground that  
if the prisoners' case was not covered  
by the protocol they certainly could in-  
voke the measure of protection afforded  
by the earlier treaty. While this treaty is  
not by any means generous in the mat-  
ter of privileges held out to American  
prisoners, it still contains some guaran-  
tees of great value to them in just such  
cases as that which has now arisen.  
The section of the treaty applying to  
the case, in the judgment of the state  
department, is article VII, which reads  
as follows:

And it is agreed that the subjects and  
citizens of each of the contracting parties,  
their vessels or effects, shall not be liable  
to any embargo or detention on the part  
of the other, for any military expedition  
or public or private purpose whatever, and  
in all cases of seizure, detention or arrest  
for debts contracted by such subjects or  
citizens of one of the parties within the  
jurisdiction of the other, the same shall  
be made and prosecuted by order and  
authority of law only, and according to  
the regular course of proceedings usual in  
such cases. The citizens and subjects of  
both parties shall be allowed to employ  
such advocates, solicitors and notaries,  
agents and factors, as they may judge  
proper in all their affairs and in all their  
trials at law, in which they may be con-  
cerned before the tribunals of the other  
party, and such agents shall have free ac-  
cess to be present at the proceedings in  
such cases, and at the taking of all the  
examinations of evidence which may be  
exhibited in the said trials.

The contention of the state depart-  
ment is, that irrespective of the Cush-  
ing protocol of 1877, this treaty gives  
the American prisoners certain privi-  
leges that were withheld from them by  
the Spanish court-martial. Notably,  
they were obliged to rest their defense  
in the hands of a Spanish officer de-  
tailed for the purpose, and one in all  
probability not particularly anxious to  
clear his clients, and were prevented  
from selecting their own counsel, as  
guaranteed by the treaty. Also, it is  
said that the prisoners were not accord-  
ed an opportunity to procure testimony  
in their own behalf. This is one of the  
privileges inseparable from a lawful  
and regular conduct of the prosecution.  
Altogether the indications are that  
the state department is preparing to  
make a strong legal defense against  
the execution of the death penalty in  
the case of the American prisoners.

## The Bermuda Ordered Seized.

PANAMA, May 12.—A report is cur-  
rent here that the Bermuda will arrive  
at Colon within the next few days from  
Puerto Cortez in ballast. The Panama  
government has been instructed from  
Bogota to seize the vessel on her arrival  
at Colon if war materials are on board.  
The Colombian gunboat General Cor-  
dova was telegraphed for at Cartagena  
and has arrived at Colon. General  
Campo Serrano was on board.

## The Infanta Elvira in New York.

NEW YORK, May 12.—The Infanta El-  
vira Maria Theresa Henrietta de Bour-  
bon, daughter of Don Carlos, the pre-  
tender to the throne of Spain and a  
cousin of the Princess Eulalia, wife of  
the Duke of Veragua, is in the city on  
a tour of the United States.

## Declared For Free Silver.

BUTTE, Mont., May 12.—The Repub-  
lican state convention declared for free  
silver. Senator Carter and Mantle and  
Congressman Hartman were nominated  
delegates to St. Louis by acclamation.  
They are uninstructed.

## Ex-Police Captain Sentenced.

# DEBS' ORDER SHUT OUT.

Six Railway Organizations Form an Im-  
portant Federation.

St. Louis, May 12.—Important meet-  
ings of railway employees have been held  
at the headquarters of the Order of  
Railway Conductors on Market, near  
Seventeenth street. It represented offi-  
cially six national orders and brother-  
hoods. In fact they may be called in-  
ternational, as the membership of each  
includes men employed on lines of  
Canada and Mexico. F. P. Sargent,  
grand master of the Brotherhood of  
Locomotive Firemen, accompanied by  
Frank W. Arnold, grand secretary and  
treasurer of the order, came from  
Peoria, Ill., to attend the meeting.

Patrick H. Morrissey of Galesburg,  
grand master of the Brotherhood of  
Railway Trainmen, was here, as was  
also E. E. Clark, grand chief conductor  
of the Order of Railway Conductors.  
Grand Master Arthur of the Brother-  
hood of Locomotive Engineers, was un-  
able to come, but was represented offi-  
cially, as were the chief officers of the  
Switchmen's Union of North America  
and the Order of Railway Tele-  
graphers and members of the grand lodge  
of each of the six orders attended the  
convention. There were some 600 pres-  
ent. The chief result of the convention  
was the adoption of a resolution to form  
a federation of the six orders named. It  
was decided not to admit Debs and the  
American Railway union.

## A. P. A. SUPREME COUNCIL.

The Blacklisting of McKinley to Be Re-  
considered at Washington.

WASHINGTON, May 12.—The supreme  
council of the American Protective as-  
sociation convened here today. There  
will be a warm debate over the recent  
action of the executive committee in  
placing McKinley on the presidential  
blacklist. The executive committee  
will be required by the friends of Mc-  
Kinley in the order, chief among whom  
are the Ohio and Kentucky delegates,  
to present the proof on which the  
charges against McKinley were based.  
There is a well defined rumor that  
western free silver delegates, who de-  
clare their intention to secure a free sil-  
ver plank for the A. P. A. platform,  
will also endeavor to force the A. P. A.  
into a political alliance with the Popu-  
list party.

## QUAY SENT TELEGRAMS.

Nearly All the Pennsylvania Delegates  
Declared For Him.

WASHINGTON, May 12.—Senator Quay  
says he has sent messages to all Penn-  
sylvania delegates to St. Louis, except  
Magee and Flinn of Pittsburgh and  
Martin and Hackett of Philadelphia,  
asking them whether they would sup-  
port him.  
Every one of the delegates replied,  
except about ten, who were temporarily  
absent from their homes on business or  
fishing trips. Senator Quay says all the  
answers were in the affirmative and  
fully corroborated his claim that he  
would be supported by 60 of the 64  
delegates from the Keystone state.

## PLEDGED TO MCKINLEY.

The Louisiana Republican Convention  
Held at Baton Rouge.

BATON ROUGE, La., May 12.—The Re-  
publican state convention has met here  
with General W. J. Behan presiding.  
The following were elected delegates to  
St. Louis: E. A. Maginnis, New Or-  
leans; S. N. Conroy, St. Mary's; An-  
thony Doherty, Baton Rouge; R. H.  
Hackney, New Orleans.  
Resolutions were adopted pledging  
the delegates to McKinley as long as his  
name is before the convention.

## Delaware Republican Convention.

DOVER, Del., May 12.—The Republi-  
can state convention for the selection  
of delegates to the national convention  
at St. Louis met here today. It is con-  
trolled by the friends of J. Edward Ad-  
dicks, who have at least 101 of the 160  
delegates composing the convention.  
The delegation will not be instructed.

# A TOWBOAT BLOWN UP.

The Harry Brown's Boilers Ex-  
ploded Near Vicksburg.

## EIGHT KILLED AND TWO MISSING.

Six of the Officers and Crew in the Hos-  
pital—A Number Rescued by Another  
Steamer's Crew—The Master's Account.  
A Pittsburg Boat.

VICKSBURG, Miss., May 12.—One of  
the most terrible river disasters of re-  
cent years has occurred about 25 miles  
below this city. The towboat Harry  
Brown of Pittsburg, upward bound  
from New Orleans, exploded her boilers  
at 11 o'clock at night. The boat was a  
complete wreck, and sank in less than  
five minutes. Ten lives are known to  
be lost, including:  
Norman Dravo, pilot; G. W. Bards-  
ley, steersman; William Dougherty,  
chief engineer; Miss Annie Hess, cham-  
bermaid; Tom Judge, fireman; William  
Wilson, fireman; William Fitzsimmons,  
first mate; Pat Carniff, second mate;  
William Kelly, lamp trimmer.  
The missing are: Frank Adrain of  
Cincinnati, John Wagner of Louis-  
ville.

The survivors and also the wounded  
were brought to this city on the Hon-  
shell. Six of the officers and crew of  
the Brown are in the marine ward of  
Vicksburg hospital, as follows:  
Captain John Kime, hip seriously in-  
jured; William Grimme, carpenter, leg  
broken; John Hardy, fireman, badly  
scalded and otherwise seriously in-  
jured; Dennis J. Lomey, second en-  
gineer, badly scalded and internally  
injured, will probably die; two deck-  
hands, names unknown.

Pilot Dravo, who was lost, was of  
Pittsburg, and was a most excellent  
man whose death will be greatly re-  
gretted. The bodies of the three dead  
men who were brought here are at  
Fischer's undertaking establishment,  
and have been embalmed and will be  
sent to their homes.

The towboat Honshall was so near  
the scene when the explosion occurred  
that her yaws were lowered at once  
and were promptly manned and saved  
many lives that would have been lost if  
it had not been for their prompt ser-  
vice.

Captain Kime, the master of the  
Brown, although seriously injured, re-  
mained on the after part of the cabin  
roof of the Brown, where he had been  
blown by the explosion. He was seen  
by a reporter and said: "The after part  
of the cabin floated off from the hull,  
and as it sank to the bottom of the river  
I directed the efforts of the men who  
were at work rescuing the boat's crew."  
Myself and Pilot Dan Kane were in  
the Brown's pilot house when the ex-  
plosion occurred. It would be impossi-  
ble for anyone to tell how many of the  
seven boilers exploded, as the darkness  
prevented anyone seeing anything. It  
seemed that the hull went down in less  
than a minute. I have no blame to at-  
tach to anyone, as the cause of the ex-  
plosion will never be known, as the  
chief engineer, William Dougherty,  
who was on watch, was lost."

The officers and boat's crew speak in  
the most grateful praise of the officers  
and crew of the steamer St. Joseph, who  
contributed clothing and other substan-  
tials. Captain Kime expects to send the  
crew of the Brown to their homes by  
rail as soon as he receives instructions  
from Pittsburg. The coroner here held  
an inquest on the dead bodies and re-  
turned a verdict of accidental death.

## A Treaty Anniversary Celebrated.

FRANKFORT-ON-THAINE, May 11.—  
The twenty-fifth anniversary of the  
treaty of Frankfurt, which concluded  
the Franco-Prussian war, was celebrated  
here Sunday in continuation of the  
fees and celebrations which have been  
held throughout Germany in com-  
memoration of the twenty-fifth anni-  
versary of the events of the war.

## The Strike Practically Lost.

MILWAUKEE, May 12.—The street rail-  
way company is running an increased  
number of cars on every line and there  
is absolutely no disturbance. The strike  
is practically over and the strikers  
themselves admit that their only hope  
lies in the direction of inducing the pub-  
lic to refuse to patronize the cars.

## 1,200 Quarrymen May Strike.

CLEVELAND, May 12.—Twelve hun-  
dred quarrymen employed at Berea, 15  
miles from this city, this morning made  
a demand for the restoration of the  
wages of 1893. If the demand is re-  
fused the men will strike. It is believed  
the companies will refuse to grant the  
demand.

## Two Thieves Caught.

LORAIN, O., May 12.—Two burglars  
have been caught in the act of robbing  
Bondel's clothing store by Officer Keg-  
ler and were marched to the station-  
house. They had five boxes of clothing  
packed ready to cart away when caught.  
They were held for court.

## Ohio Convicts Strike.

COLUMBUS, May 12.—Seventy convicts  
in bolt shop No. 5, Ohio penitentiary,  
have struck because the guards were too  
severe. Finally all except ten resumed  
work. The ten were punished.

## FOR FOREIGN BISHOPS.

An M. E. Committee Decides They Can Be Chosen.

PROBATION STILL SIX MONTHS.

A Decision Against Shortening It by a Committee—The Election of Bishops Changed to Next Thursday—Important Resolutions Referred to Committees.

CLEVELAND, May 12.—The standing committee of the M. E. general conference have considered and voted to report on some important subjects.

At the meeting of the committee on episcopacy a sub-committee reported that it had examined the law bearing on foreign episcopates, and had reached the conclusion that there was nothing to prevent foreign bishops. The sub-committee recommended a bishop for Europe. The question of whether the church should exercise jurisdiction outside the United States was warmly debated and the subject held over until the next meeting. In response to a previous request the bishops reported that they were in good health and capable of continuing in the discharge of their duties, but that in view of the growth of the church and possible contingencies the election of two more bishops was desirable.

The committee on itinerancy considered the proposed changes in the church discipline. Two of the questions asked of an aspirant for ministerial appointment, both before and at the close of his probation, are: "Will you promise to abstain entirely from tobacco?" and "are you in debt?"

The bishops proposed to omit these questions from the final examination and allow the first promises to stand. There was a long debate over this committee, but the recommendation of the bishops was finally sustained on the vote.

A sub-committee of the committee on combination of benevolence recommended the joining of the Freedman's Aid and South Educational society and the board of education under the name "Education and Freedman's Aid board," also the union of the Sunday School society and the Tract society under the name "Sunday School and Tract society." This met with strong opposition and the matter went over until tomorrow.

The committee on revision of the constitution decided against shortening the term of probation, which is six months. A sub-committee was directed to draw up an order of church services, strictly Methodist Episcopal, which shall be mandatory.

The committee on state of the church recommended the appointment of one evangelist or more in each district conference for revival work. The proposition that the corresponding secretaries of all the church benevolences be nominated by the bishops and elected by the boards of control of those institutions was received, but no action taken on it. The discussion on the proposition to ask for the insertion after the word "Posterity" in the preamble of the United States constitution the words "In God we trust," was long and heated and the question was finally referred to a sub-committee.

The high temperature and the humidity of the atmosphere both operated to prevent a burst of oratory at the conference, and the routine business transacted was disposed of with as little effort as possible. The most important question disposed of was the fixing of the time for the election of bishops. The election will begin on Thursday of this week and continue until all the officers are chosen. Resolutions were presented favoring the obliteration of the color line in the election of bishops and condemning lynchings, both of which were referred to appropriate committees without action. Another resolution, proposing a reduction in the salaries of conference officials because of the hard times, was also referred to a committee.

New Officers and Directors.

CLEVELAND, May 12.—At a meeting of the stockholders of the reorganized New York, Pennsylvania and Ohio Railroad company the following directors were elected: John Todd, S. E. Williamson, J. C. Moorhead, John H. Dykes and E. R. Perkins of Cleveland, J. G. McCullough, C. H. Coester, Samuel Spencer and E. S. Thomas of New York. The directors elected E. B. Thomas, president, John Tod, vice president, and John H. Dykes, secretary.

Ask an Extension of Time.

AKRON, O., May 12.—The assignees and representatives of Ferdinand Schumacher, the oatmeal king, have commenced to get the consent of the creditors to extend the time of the obligations which they hold, assuring them if this is done the debts can be paid in full. The liabilities of the Schumacher-Gymnasium company, which also assigned Saturday, will be fully \$80,000. The assets are not more than \$40,000.

This Woman a Hustler.

WOOSTER, O., May 12.—Mrs. Jennie Ranch, aged 50, secured a divorce from Nicholas Ranch, who she wedded a few months after the death of her first husband. As she walked from the courtroom she was met by Andrew Byfoose and with him proceeded to the probate judge's office, where Byfoose secured a license and she was married 30 minutes after the divorce.

The Cleveland Shooting Affair.

BUFFALO, May 12.—David L. Lane of this city, who is reported to have been shot at Cleveland by a woman, is one of the proprietors of the Lane & Schuyler Shirt company of this city. A woman who was known as Mrs. David Lane lived with him at apartments adjoining the shirt factory and was employed as forewoman in the factory.

Suit Over Jameson's Raid.

LONDON, May 12.—The morning papers announce that the shareholders in the British Chartered South Africa company will prosecute for damages Alfred Beit, the director of the company implicated in the Jameson raid.

Three Fires at Paterson, N. J.

NEW YORK, May 12.—Three fires at Paterson, N. J., damaged property to the extent of over \$218,000.

## FOR FOREIGN BISHOPS.

An M. E. Committee Decides They Can Be Chosen.

PROBATION STILL SIX MONTHS.

A Decision Against Shortening It by a Committee.—The Election of Bishops Changed to Next Thursday—Important Resolutions Referred to Committees.

CLEVELAND, May 12.—The standing committee of the M. E. general conference have considered and voted to report on some important subjects.

At the meeting of the committee on episcopacy a sub-committee reported that it had examined the law bearing on foreign episcopates, and had reached the conclusion that there was nothing to prevent foreign bishops. The sub-committee recommended a bishop for Europe. The question of whether the church should exercise jurisdiction outside the United States was warmly debated and the subject held over until the next meeting. In response to a previous request the bishops reported that they were in good health and capable of continuing in the discharge of their duties, but that in view of the growth of the church and possible contingencies the election of two more bishops was desirable.

The committee on itineracy considered the proposed changes in the church discipline. Two of the questions asked of an aspirant for ministerial appointment, both before and at the close of his probation, are: "Will you promise to abstain entirely from tobacco?" and "are you in debt?"

The bishops proposed to omit these questions from the final examination and allow the first promises to stand. There was a long debate over this in committee, but the recommendation of the bishops was finally sustained on the vote.

A sub-committee of the committee on combination of benevolence recommended the joining of the Freedman's Aid and South Educational society and the board of education under the name "Education and Freedman's Aid board"; also the union of the Sunday School society and the Tract society under the name "Sunday School and Tract society." This met with strong opposition and the matter went over until tomorrow.

The committee on revision of the constitution decided against shortening the term of probation, which is six months. A sub-committee was directed to draw up an order of church services, strictly Methodist Episcopal, which shall be mandatory.

The committee on state of the church recommended the appointment of one evangelist or more in each district conference for revival work. The proposition that the corresponding secretaries of all the church benevolences be nominated by the bishops and elected by the boards of control of those institutions was received, but no action taken on it. The discussion on the proposition to ask for the insertion after the word "Posterity" in the preamble of the United States constitution the words "In God we trust," was long and heated and the question was finally referred to a sub-committee.

The high temperature and the humidity of the atmosphere both operated to prevent a burst of oratory at the conference, and the routine business transacted was disposed of with as little effort as possible. The most important question disposed of was the fixing of the time for the election of bishops. The election will begin on Thursday of this week and continue until all the officers are chosen. Resolutions were presented favoring the obliteration of the color line in the election of bishops and condemning lynchings, both of which were referred to appropriate committees without action. Another resolution, proposing a reduction in the salaries of conference officials because of the hard times, was also referred to a committee.

New Officers and Directors.

CLEVELAND, May 12.—At a meeting of the stockholders of the reorganized New York, Pennsylvania and Ohio Railroad company the following directors were elected: John Todd, S. E. Williamson, J. C. Moorhead, John H. Dynes and E. R. Perkins of Cleveland, J. G. McCullough, C. H. Coster, Samuel Spencer and E. S. Thomas of New York. The directors elected E. E. Thomas, president, John Tod, vice president, and John H. Dynes, secretary.

Ask an Extension of Time.

AKRON, O., May 12.—The assignees and representatives of Ferdinand Schumacher, the oatmeal king, have commenced to get the consent of the creditors to extend the time of the obligations which they hold, assuring them if this is done the debts can be paid in full. The liabilities of the Schumacher Gymnasium company, which also assigned Saturday, will be fully \$80,000. The assets are not more than \$40,000.

This Woman a Hustler.

WOOSTER, O., May 12.—Mrs. Jennie Ranch, aged 50, secured a divorce from Nicholas Ranch, who she wedded a few months after the death of her first husband. As she walked from the court-room she was met by Andrew Byfoose and with him proceeded to the probate judge's office, where Byfoose secured a license and she was married 30 minutes after the divorce.

The Cleveland Shooting Affair.

BUFFALO, May 12.—David L. Lane of this city, who is reported to have been shot at Cleveland by a woman, is one of the proprietors of the Lane & Schuyler Shirt company of this city. A woman who was known as Mrs. David Lane lived with him at apartments adjoining the shirt factory and was employed as forewoman in the factory.

Suit Over Jameson's Raid.

LONDON, May 12.—The morning papers announce that the shareholders in the British Chartered South Africa company will prosecute for damages Alfred Beit, the director of the company implicated in the Jameson raid.

Three Fires at Paterson, N. J.

NEW YORK, May 12.—Three fires at Paterson, N. J., damaged property to the extent of over \$213,000.

## LOCAL BREVITIES.

Tomorrow is circus day and consequently the small boy is a buzz of excitement.

The Phoenix club and their friends will dance at Columbian park on next Thursday night.

The name of Will H. Griggs has been suggested as a candidate for county treasurer.

Engineer Workman, of the pony, has purchased a farm near Spring Grove, and will shortly move his family to their new home.

The first river pier of the new bridge is being pushed to completion as rapidly as possible, and the workmen are laboring night and day.

The damage case of Harriet Woodburn versus Della Morris has been assigned for trial tomorrow, May 13, and witnesses must appear on that day.

A number of members of the Royal Arcanum went to Wellsville last night to assist in the initiation of candidates, and report an enjoyable time.

The families of G. W. Campbell and Frank Campbell will move to Cleveland, and their household effects are being gotten in readiness for shipment.

The plumbers are about the only class of people who are not complaining because of a lack of work just now; they say that they are unusually busy for this period of the year.

Patrolman McMillan is filling Officer Earl's place during the temporary absence of the latter, and William Randolph is doing duty in genial "Pick's" place at the fire station.

A car-load of merchandise, billed to I. B. Burgis, is standing at the freight depot. No claimant has yet appeared for the goods, but it is thought a new store will be opened up in the city.

The new pipe organ for St. Aloysius' church is expected to arrive the latter part of the week. To help defray the expense of the instrument, a May festival will be given at a future date.

James Penny was the center of attraction on West Market street yesterday afternoon. Jim was indulging in a display of his rhetorical powers in a rendition of passages from Shakespeare.

The wickets at the Davis island dam have been lowered, owing to the low stage of water. The Keystone State passed down last night and the Hudson is due up this afternoon. The river is rapidly falling.

The cause of the trouble at the new bridge was the paying of Dagos \$1 25 per day, while Americans were given \$1 50, the employer claiming that the work of the latter is worth more than that of the sunny clime.

The Ladies of the Maccabees initiated three candidates at their meeting last night, and after the business of the evening was gone through with, ice cream and cake were served, and the hours spent in social enjoyment.

Reuben Austin, of the clerical force at the depot, accompanied by his wife and family, left this morning for a two weeks' visit to Butler, Pa. His position is being filled by Robert Wharton, whose place is now occupied by Mr. Rhodes, an extra agent, of Magnolia.

Manley's band are making preparations for their trip to Niagara Falls on Monday, June 29th. The trip will take five days, and the cost for the round trip is not expected to be more than \$5. This will be the first excursion that ever left here for Niagara Falls.

Commissioner Finley and his force of men placed a two foot box at the head of Lisbon road yesterday. This was made necessary by the recent heavy storm, and will drain the road in much better shape than before, and will be the means of avoiding much damage to property.

Howard Moon collided with a girl on Market street, near the Diamond, last night, and smashed his new wheel in a bad manner. Three girls were riding out Fifth street and their approach was not noticed until too late, when one of the number crashed into Moon's bicycle, with the above result.

Missionary Mathews, who has labored in Africa for a number of years, was present at the meeting of the Free Methodists in Bradshaw hall last night, and gave an instructive talk on the modes and customs of African life. He was dressed in missionary costume, and exhibited a number of relics and mementos of darkest Africa.

Herman McLean, while driving to East End yesterday afternoon, had occasion to stop at the power house. He tied his horse to a post nearby, but the animal tired of the noise of clanking machinery, and decided to seek more quiet surroundings. Breaking the hitching strap he started down the road, but was caught before any great damage was done.

Superintendent Andrews, while working with the new signal system at the Second street switch yesterday afternoon, had a pair of tongs in his hands, and in some manner the tongs came in contact with a live wire. There was a vivid flash, but the shock was not enough to knock the superintendent down, although he is today nursing a severely burned hand.

"Persons having normal vision will be able to read this print at a distance of 14 inches from the eye with ease and comfort. Also will be able to read it with each eye separately. If unable to do so your eyes are defective and need immediate attention. When the eyes become tired from reading, writing, or if the letters look blurred and run together, this is a sure indication that the glasses are needed. The reason for this is that the light rays from the print enter the eyes and are imperfectly focused on the retina. Careful use of these glasses insure will result in perfect vision from the moment vision is restored. Satisfaction is guaranteed to supply the defects in the eye."

### SPORTING NOTES.

The Rovers football club will reorganize Thursday night.

The Rovers football club will meet Thursday evening at the Young Men's Christian association rooms at 7:30 o'clock, to organize and prepare themselves for the coming season. The club will buy new uniforms, and expect, by the opening of the season, to be in first class condition. An effort is at present being made to get into the Pittsburg league, and if the boys are successful, East Liverpool will have the pleasure of seeing some of the finest football teams in the country. The Rovers will be strengthened, although it is conceded by all that they now have the strongest team in Ohio.

An effort is being made to reorganize the famous old Crocker City, to play at least one game with the club representing the city now. Nearly all the members of the old team are still in Liverpool, and those who are not, live within a radius of 50 miles of here. The game would undoubtedly draw a large crowd.

The Cubans is the name of a new baseball club that was organized on Friday night last. The boys have William Davidson for a manager, and express a desire to meet any and all comers. The Wheeling team preferred. Following is a list of their players: D. Pollock, catcher; Senator Cox, pitcher; G. Rauch, first; P. Ryan, second; P. McNicol, third; M. Ryan, short; J. Bailey, right; G. Kleinogle, center; J. Shay, left. Among the list of players will be noticed the names of some who, in bygone days, were the "stars" of the city, and they have decided to again try their luck on the diamond.

Jack Darrah's team has moved up a peg or two in the race for the pennant in the inter-state league, and is now tied for third place.

There is some talk among the prominent wheelmen of the city of giving an illuminated parade, all the wheelmen in town taking part. The idea is not a new one, as many wheelmen in neighboring cities are giving parades of this kind. There are enough wheelmen in the city to make an elegant parade, and the scheme should be pushed.

### RARE BEASTS

At the Great Forepaugh and Sells Bros. Circus.

If you attend the exhibition of the great Adam Forepaugh and Sells Brothers' America's greatest shows consolidated—as you doubtless will—don't rush blindly through the grand zoological collections, in a wild scramble to get a seat in the hippodrome tent an hour before the arena performances and races begin. Remember that the seating accommodations are ample, and take time to examine the biggest and rarest menageries of wild beasts ever on view. These include the two biggest herds of performing elephants, the only pair of giant hippopotami, the only school of trained Alaska sea lions and seals, the only monster two-horned white Sumatra rhinoceros, full-grown polar bear, gnu, or horned horse, African elephant, niger antelope, and a most royal array of Nature's living savage wonders, furnishing a world of entertainment and instruction.

### OBITUARY.

Miss Laura Debee Died at Her Home Yesterday Afternoon.

Miss Laura Debee, daughter of Moses and Lydia Debee, died at the home of her parents near Calcutta yesterday evening of consumption. Miss Debee was well known throughout the city, and her friends were legion, who deplore her demise, she being just in the beginning of life. She was a consistent Christian and a member of the First Presbyterian church. The funeral obsequies will be held at 2 o'clock tomorrow afternoon, at the residence, with interment in Riverview cemetery. Deceased was 22 years of age, and has been ill for about eight months. The following lines were handed in by a relative:

A precious one from from us has gone,  
A voice we loved is stilled;  
A place is vacant in our home  
Which never can be filled.  
God, in His wisdom, has recalled  
The boon His love had given,  
And though the body slumbers here,  
The soul is safe in heaven.

Dr. S. F. Scott, Blue Ridge, Harrison county, Mo., says: "For whooping cough, Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the remedy to babies, as it contains nothing injurious. Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

### The Musicians Union.

Meets Tuesday evening, May 12, in Haynes' band room. Business of importance will be transacted, and a full attendance is desired.

Disease is like a railroad train. It comes and goes along a certain track. You can't always tell how a disease starts, and where it will probably end. It won't go out of its way to oblige you any more than a locomotive will. Disease usually begins when the appetite gives out—that's the first warning whistle. Then the stomach and nutritive organs coverly will cure it by driving the poison out of the circulation and creating a new supply of healthy, red, life-giving blood to revivify and nourish the wasted tissues. It puts the digestion in order, invigorates the blood-making organs and builds firm healthy flesh. Consumption is a blood-disease. Don't believe it can be cured! It is cured every day by Dr. Pierce's Golden Medical Discovery.

Dear Sir—I cannot say enough for your "Golden Medical Discovery." For two years my little boy suffered with lung trouble—first taking a gripper; second intermittent fever; third, lung trouble. For two years he coughed. The physician could do no good and I thought he must die. I was told to try Dr. Pierce's Golden Medical Discovery. I did, and before he had taken one bottle he began to mend and could eat a little. When he had taken four bottles he was well and now is as stout as before.

D. R. Watson,

Of the firm of Watson & Dorman, Conneaut, publishers of a splendid county directory, entitled "Business and Professional Men's Directory," is in our city, and contemplates issuing a directory of Columbiana county. The book will be accompanied with a neat map of the county, and will embrace the names and occupations of all business men of the county, as well as the names of all officials. The book will cost but 50 cents to subscribers, payable upon delivery, and with an inch card of advertisement, will cost but \$1. It commends itself to any business man or citizen, and should have a large sale.

To the Encampment.

Patrick McCloskey left this morning to attend the state encampment of the Grand Army, as a representative of the local post. Mrs. Riley McKinley, a delegate from the Women's Relief corps, Alex McGraw, and Mr. McCuen and wife are also in attendance. Warren McCain, who is at present attending the American Mechanics' convention at Akron, is another delegate from this place, and will proceed to Columbus as soon as the Akron meeting adjourns.

Has Been Settled.

The case of Spencer versus Lisbon for damages has been settled, and the court will take up the Woodburn-Morris case the first thing in the morning.

Has Been Settled.

The case of Greenwood Firth versus Thomas Stevenson was heard before Squire Rose yesterday afternoon. The case was an act in replevin to recover a horse. The squire decided that at the commencement of the action Firth was entitled to the possession of the horse at its appraised value \$35, and the costs of the case \$14.69. The case has been appealed to court.

Flood Old Glory.

Patriotic people are complaining because old glory is not floated to the breeze on some of our public school buildings, and are at a loss to account for this neglect. The Grant and Sixth street schools are not conforming with the state law, which says that the American flag must float on all fair days and be displayed inside the buildings during inclement weather.

Went to Columbus.

W. G. Miller and Sylvester Kinsey went to Columbus last night, where they will attend the convention of the state grand lodge of Red Men. Mr. Miller is a delegate from Pocahontas tribe, No. 8, while Mr. Kinsey represents Iroquois tribe, No. 40. John Stamm, past grand sachem of the state lodge, left for Columbus this morning.

A New Boy.

Born to Mr. and Mrs. Otto Descher, last night, a son.

Mrs. Dr. Harkey Adams will be at Grand Hotel May 13.

She Was Mad.  
Mrs. Hargreaves, of the East End, desired the services of a physician at her home yesterday, and went to the school at that place to secure her son to go on the errand. The teacher informed the lady that the boy would not be excused from study, and Mrs. Hargreaves was indignant, as she had no one to send for the physician.

Kind Words.

The News is glad to know that Editor T. W. Morris, of the East Liverpool News Review, is again able to be out after a long confinement to his home, and will resume his place at the desk in the editorial rooms of his paper. Here's to you, Thomas, and may you have health and prosperity.—Salem News.

Instructed the Turners.

Christ Newbauer, the former instructor of the local Turners, was in the city Saturday night and put the boys through a course of exercises, preparatory to the tournament that will be held in Steubenville soon. The boys are hard at work, and expect to carry off some of the honors at the meeting.

Will Still Hold Office.

The docket and files of Squire Rose's court will be left with M. J. McGarry. The squire will continue to hold office for six months, although not a resident of the city, as the law provides that a justice of the peace's office is not vacant until that time, unless he resigns.

The Diamond Pump.

The Diamond pump bobs up serenely again today, as the workmen in some manner dropped the tubing once more, and again the pump had to be torn apart. This makes about four times in the past week that the fountain has been placed in position, only to be torn down.

The List Prepared.

The list of the seven firemen appointed by Fire Chief Morley has been prepared by that gentleman, and the names will be handed in to council tonight for confirmation. Chief Morley was seen this morning, but would not divulge the names of the appointees.

Died Last Evening.

Leonard Pelton, the five-weeks-old child of Mr. and Mrs. Pelton, Grant street, died last night. The funeral took place this afternoon at 2 o'clock and interment was made at River-view.

With Barnum & Bailey.

Thomas Rowe, of this city, has secured a position as musician with Barnum and Bailey's circus, and left on the noon train today to join the show at Baltimore, Md.

## SPORTING NOTES.

The Rovers Football Club will reorganize Thursday night.

The Rovers football club will meet Thursday evening at the Young Men's Christian association rooms at 7:30 o'clock, to organize and prepare themselves for the coming season. The club will buy new uniforms, and expect, by the opening of the season, to be in first class condition. An effort is at present being made to get into the Pittsburg league, and if the boys are successful, East Liverpool will have the pleasure of seeing some of the finest football teams in the country. The Rovers will be strengthened, although it is conceded by all that they now have the strongest team in Ohio.

An effort is being made to reorganize the famous old Crocker City, to play at least one game with the club representing the city now. Nearly all the members of the old team are still in Liverpool, and those who are not, live within a radius of 50 miles of here. The game would undoubtedly draw a large crowd.

The Cubans is the name of a new baseball club that was organized on Friday night last. The boys have William Davidson for a manager, and express a desire to meet any and all comers, the Wheeling team preferred. Following is a list of their players: D. Pollock, catcher; Senator Cox, pitcher; G. Rauch, first; P. Ryan, second; P. McNicol, third; M. Ryan, short; W. Bailey, right; G. Kleinogle, center; J. Shay, left. Among the list of players will be noticed the names of some who, in bygone days, were the "stars" of the city, and they have decided to again try their luck on the diamond.

Jack Darrah's team has moved up a peg or two in the race for the pennant in the inter-state league, and is now tied for third place.

There is some talk among the prominent wheelmen of the city of giving an illuminated parade, all the wheelmen in town taking part. The idea is not a new one, as many wheelmen in neighboring cities are giving parades of this kind. There are enough wheelmen in the city to make an elegant parade, and the scheme should be pushed.

## RARE BEASTS

At the Great Forepaugh and Sells Bros. Circus.

If you attend the exhibition of the great Adam Forepaugh and Sells Brothers' America's greatest shows consolidated—as you doubtless will—don't rush blindly through the grand zoological collections, in a wild scramble to get a seat in the hippodrome tent an hour before the arena performance and races begin. Remember that the seating accommodations are ample, and take time to examine the biggest and rarest menageries of wild beasts ever on view. These include the two biggest herds of performing elephants, the only pair of giant hippopotami, the only school of trained Alaska sea lions and seals, the only monster two-horned white Sumatra rhinoceros, full-grown polar bear, gnu, or horned horse, African eland, niger antelope, and a most royal array of Nature's living savage wonders, furnishing a world of entertainment and instruction.

## OBITUARY.

Miss Laura Debee Died at Her Home Yesterday Afternoon.

Miss Laura Debee, daughter of Moses and Lydia Debee, died at the home of her parents near Calcutta yesterday evening of consumption. Miss Debee was well known throughout the city, and her friends were legion, who deplore her demise, she being just in the beginning of life. She was a consistent Christian and a member of the First Presbyterian church. The funeral obsequies will be held at 2 o'clock tomorrow afternoon, at the residence, with interment in Riverview cemetery. Deceased was 22 years of age, and has been ill for about eight months. The following lines were handed in by a relative:

A precious one from us has gone,  
A voice we loved is stilled;  
A place is vacant in our home  
Which never can be filled.  
God, in His wisdom, has recalled  
The boon His love had given,  
And though the body slumbers here,  
The soul is safe in heaven.

Dr. S. F. Scott, Blue Ridge, Harrison county, Mo., says: "For whooping cough, Chamberlain's Cough remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. ## Have You Kidney Trouble?

A 50 cent, trial bottle of Foley's Kidney cure will prevent serious results from this fatal disease. For sale at Reed's and Bulger's drug stores.

Disease is like a railroad train. It has a regular way of coming and going and keeps on steadily along a certain track. You can almost always tell how a disease starts, and where it will probably end. It won't go out of its way to oblige you more than a locomotive will. Disease usually begins when the appetite gives out—that's the first warning whistle. Then the stomach and nutritive organs fail to supply good blood. The circulation grows poor, thin and tainted. Instead of carrying nourishment to the different parts of the body it carries poison, which settles at some point and eats away the tissues. According to where it settles it is called liver or kidney or skin disease—scrofula, erysipelas, eczema, or consumption if it settles on the lungs. It is all one trouble, tainted blood; clear out this taint and build up the tissues with rich blood and the disease is stopped; side-tracked; it can't go any further. No matter what the name of a disease is if it's a blood disease, Dr. Pierce's Golden Medical Discovery will cure it by driving the poison out of the circulation and creating a new supply of healthy, red, life-giving blood to revive and nourish the wasted tissues. It puts the digestion in order, invigorates the blood-making organs and builds firm healthy flesh. Consumption is a blood-disease. Don't believe it can't be cured! It is cured every day by Dr. Pierce's Golden Medical Discovery.

## Float Old Glory.

Patriotic people are complaining because old glory is not floated to the breeze on some of our public school buildings, and are at a loss to account for this neglect. The Grant and Sixth street schools are not conforming with the state law, which says that the American flag must float on all fair days and be displayed inside the buildings during inclement weather.

## Went to Columbus.

W. G. Miller and Sylvester Kinsey went to Columbus last night, where they will attend the convention of the state grand lodge of Red Men. Mr. Miller is a delegate from Pocahontas tribe, No. 8, while Mr. Kinsey represents Iroquois tribe, No. 40. John Stamm, past grand sachem of the state lodge, left for Columbus this morning.

If in need of a physician do not fail to call and consult Mrs. Dr. Harkey Adams. Grand hotel May 13.

## A New Boy.

Born to Mr. and Mrs. Otto Descher, last night, a son.

Mrs. Dr. Harkey Adams will be at Grand Hotel May 13.

She Was Mad.  
Mrs. Hargreaves, of the East End, desired the services of a physician at her home yesterday, and went to the school at that place to secure her son to go on the errand. The teacher informed the lady that the boy would not be excused from study, and Mrs. Hargreaves was indignant, as she had no one to send for the physician.

## Kind Words.

The News is glad to know that Editor T. W. Morris, of the East Liverpool News Review, is again able to be out after a long confinement to his home, and will resume his place at the desk in the editorial rooms of his paper. Here's to you, Thomas, and may you have health and prosperity.—Salem News.

## Instructed the Turners.

Christ Newbauer, the former instructor of the local Turners, was in the city Saturday night and put the boys through a course of exercises, preparatory to the tournament that will be held in Steubenville soon. The boys are hard at work, and expect to carry off some of the honors at the meeting.

## Will Still Hold Office.

The docket and files of Squire Rose's court will be left with M. J. McGarry. The squire will continue to hold office for six months, although not a resident of the city, as the law provides that a justice of the peace's office is not vacant until that time, unless he resigns.

## The Diamond Pump.

The Diamond pump bobs up serenely again today, as the workmen in some manner dropped the tubing once more, and again the pump had to be torn apart. This makes about four times in the past week that the fountain has been placed in position, only to be torn down.

## The List Prepared.

The list of the seven firemen appointed by Fire Chief Morley has been prepared by that gentleman, and the names will be handed in to council tonight for confirmation. Chief Morley was seen this morning, but would not divulge the names of the appointees.

## Died Last Evening.

Leonard Pelton, the five-weeks-old child of Mr. and Mrs. Pelton, Grand street, died last night. The funeral took place this afternoon at 2 o'clock and interment was made at River-view.

## With Barnum & Bailey.

Thomas Rowe, of this city, has secured a position as musician with Barnum and Bailey's circus, and left on the noon train today to join the show at Baltimore, Md.

## Has Been Settled.

The case of Spencer versus Lisbon for damages has been settled, and the court will take up the Woodburn-Morris case the first thing in the morning.

## "THE TRIUMPH OF LOVE"

IS HAPPY, FRUITFUL MARRIAGE.  
Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

Here at last is information from a high medical source that must work wonders with this generation of men.  
The book fully describes a method by which to attain full vigor and manly power.  
A method by which to end all unnatural strains on the system.

To cure nervousness, lack of self-control, despondency, etc.  
To increase a faded and worn nature for one of brightness, buoyancy and power.  
To cure forever effects of excesses, overwork, worry, etc.  
To give full strength, development and tone to every portion and organ of the body.  
Age no barrier. Failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.  
A despairing man, who had applied to us, soon after wrote:  
"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"  
And another thus:  
"If you dumped a cart load of gold at my feet it would not bring such gladness into my life as your 'Mental Hygiene' does."  
Write to the ERIE MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "CUPID AND PSYCHE." Refer to this paper, and our company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

W. H. WELLS,  
Cor. Fifth and Washington Sts.
